

Physiocare

COMPANY PROFILE

INTRODUCTION

Physiocare was founded in 2007 to provide expert physiotherapy services and provision of healthcare related products. Physiocare runs physiotherapy clinics and shops.

Physiocare supplies medical devices to clinics, hospitals, organizations and to general public. The extensive network of customers goes as far as Malawi, Rwanda, Uganda and Kenya.

Physiocare also provides health consultancy and training services. The experienced team of medical and business professionals are available to all our customers and we take pride in the service that we provide.

We are committed to improving the quality of life for our patients, the public and underprivileged, with care and concern.

VISION

To be the leading company in the country in provision of physiotherapy and rehabilitation equipment and its related clinical services by offering excellent service, continuously seeking evidence and pursuing progressive healthcare practices.

MISSION

- 
- To offer excellent, up-to-date evidence-based care, tailored to individual's needs.
 - To be the go-to supplier of physiotherapy and rehabilitation equipment.

OUR AIM

- 
- To provide fast access to expert health care professionals in our field to enable patients to start their recovery without delay.
 - To provide genuine and effective healthcare products to the market.

OUR SERVICES

Retail and Wholesale

We offer therapy and rehabilitation products including some own manufactured products and hold exclusive distributorships with leading brands in recovery science and rehabilitation.

Clinical Services

We operate clinics in Dar Es Salaam, Arusha and Dodoma. We also collaborate with other hospitals and health facilities to offer therapy services.

Professional Therapy Services

We offer preventative & rehabilitative care, Therapeutic Aids, Condition Testing (Fitness Analysis) and Women's Health (Pre and Post Natal Care).

Maintenance and Repair Services

We offer planned preventative maintenance, repairs, calibration, and electrical safety testing to a medical standards.

Training & Consultancy

We provide face to face and online education to Therapists. Physiocare undertakes educational activities to individuals and in group settings. We advise organisations, hospitals and individuals in setting up rehabilitation services, developing rehabilitation guidelines and policies.
